

Important Message from our principal about Distance Learning preparation

Distance Learning

Distance Learning is on its way! Our Educators are working hard to get Whitney Tech ready for online learning. Students should start checking their CTTECH email and Google Classrooms every day for information and updates.

Online Learning - Get Ready

Whitney Tech, what are you doing to get ready for online learning? Set up a home learning space! Do you know Xbox One and PS4 internet browsers are compatible with Google classroom?

Be sure to check your CTTECH email and Google classrooms every day.

Be patient. We are all learning together. Reach out to your teacher if you have questions.

Don Concascia
Principal
Whitney Technical High School
